

BEGINNING DIGITAL PHOTOGRAPHY

Beginning Digital Photography is a class that is designed for photographers that are new to photography, or who are looking to better understand the basic fundamentals. This class covers:

- Camera Operation
- Exposure Basics
- Composition & Lighting
- Digital Workflow Basics

Upon completion students will have a working knowledge of camera operation, setting proper exposures and an improved ability composing and taking better photographs.

Wed. 6:30-8:30pm, 4 weeks. Class Tuition: \$99.00.

*Requirements: This class is open to all levels of ability. It is recommended that students have either a Digital SLR or “Point & Shoot” camera with manual controls.
