

BEGINNING PHOTOSHOP FOR PHOTOGRAPHERS

Beginning Photoshop for Photographers covers the basics of digital workflow and editing from start to finish. Some of the topics covered in this class include:

- Digital Workflow
- Editing Techniques
- Using Layers & Masks
- Color Management & Printing

Upon completion of this course, students will have a better understanding of the digital darkroom from capture to print, and learn the essentials to creating a better photograph.

Tues. 6:30-8:30pm, 4 weeks. Class Tuition \$145.00

*Requirements: Students should have a basic understanding of photography and own a copy of any edition of Photoshop or Photoshop Elements. Students are also encouraged to bring their own laptops if they have them.
